

REFERENCE FOR KAREN SKEENS

July 30, 2019

We couldn't be more delighted with the result of our agency's new website, <https://AdVenturesDesign.com>, which Karen designed and programmed. Karen brought a really hard-to-find blend of great ideas plus technical acumen to our project.

Her strengths are not only in concept development and design creativity, but also the in crucial implementation of Wordpress development - all in one package. We found her work ethic and attention to detail second to none.

She has a strong desire to continually develop her knowledge and skill set, combined with a natural ability for great visual design. Not only is our new website graphically appealing and nicely organized, the pages load really fast and display well across all the key responsive platforms.

Karen keeps up on the latest new tools for Wordpress development as well as current design trends, so her work is always a little ahead of the curve and has lots of staying power. No question, she's the real deal.
